

FIPDes

Food Innovation & Product Design

Dear applicant,

Before starting your online application, please read carefully this document. It will help you to make a successful application.

First of all, if you have any questions or doubts, please go to the FAQ page of FIPDes website: <http://www.fipdes.eu/spip.php?article6>

Read carefully each page of the online application form, you should find all information you need.

Remember that you can **upload only one document for each supporting document**, so if you have several pages (for your transcripts for instance), **please make one PDF file with several pages**. Please upload the correct document in the correct place.

Check that your **scans are readable**. If we cannot read them, your application will be considered as ineligible.

Please upload the **full transcript of your BSc**. (3 or 4 years according to the degree), with all the classes you took and grades you received.

Concerning the reference letters, we need **two reference letters** with a signature and a seal/stamp of the University/Institution of your referee. You can download a form on the last tab ("upload documents"). The reference letters have to be uploaded on your online application. If the envelop is sealed, please open it and scan the letters.

And finally, **please check (even in your spam) that you received an e-mail confirming that you submitted correctly your application**.

Good luck!

All information regarding the selection criteria, the procedure and the timetable can be found here: <http://www.fipdes.eu/?Selection-Procedure-52>
and here: <http://www.fipdes.eu/?Calendar-Deadlines-51>

Best regards,

FIPDes Secretary
