#### WHAT IS THE FIPDes MASTER?

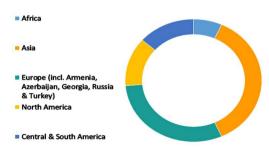

The EMJMD FIPDes is a 2-year programme in Food Innovation & Product Design. It is the first course created to tackle the global challenges of food innovation along with product design and packaging. FIPDes is part of the elite Erasmus Mundus Programme, renowned for its academic excellence and international mobility.

FIPDes is training a new generation of food professionals capable of working across borders, with an inclusive vision of innovation to create sound, sustainable and healthy food solutions for the future generations.

## Talents from more than 60 nationalities!

# **CHOOSE EXCELLENCE**

Check inside how we can collaborate!

## **FIPDes PARTNERS**

FIPDes is supported by an international network of more than 20 strategic partners from academic, research and industrial entities.

Current FIPDes associate partners:

### **CONTACT US**

fipdes@agroparistech.fr

www.fipdes.eu

This Master is implemented and labelled under the Erasmus +/Erasmus Mundus Programme.

#### TRAINING ACTIVITIES

### Visits and on-site training

You can host a class of international students and make them discover your site during visits or on-site training.

**R&D Junior Project** (AgroParisTech, FRANCE)

Challenge our students on your R&D issues!

Multidisciplinary and multicultural projectbased learning is a key element of FIPDes pedagogy.

The Junior Project is structured in 4 weeks of result-oriented work/study on topics selected by the industry, coupled to a current issue in food sector.

## Course training and lecturing

Industrials can give specific lectures about a number of subjects such as :

- Scientific workshops
- Industrial **scale up** cases
- Socio-economic issues

"I graduated from this programme as a stronger individual ready to tackle different life challenges, being able to adapt easily to changes of environment and cultures

#### **PARTICIPATION TO FIPDes EVENTS**

### **FIPDes Day** (AgroParisTech, FRANCE)

The FIPDes Day is an international seminar on cutting-edge research in the fields of Food Innovation and Product Design.

This brings the whole FIPDes community together: private companies, academic partners, researchers, FIPDes alumni and current students.

Industrial partners are invited to participate either as key note speakers, job dating stands or by sponsoring student awards.

# Summer School (Technological University Dublin, IRELAND)

Industrial partners can interact with students during the summer school in Dublin, which takes place in May-June.

During this event industrial partners can attend or organize seminars or workshops about:

- Career possibilities
- Internship possibilities
- Valorisation of skills

.....but also be able and happy to live, share and care for people from different countries. ....

#### SUSTAINABILITY OF THE PROGRAMME

In order to enhance the attractiveness, excellence and competitiveness of FIPDes in the field of Food Innovation, you may:

- Financially support the programme and/ or award scholarships to students in collaboration with Fondation AgroParisTech
- **Disseminate and promote** about this unique international programme
- Participate in the FIPDes International Advisory board to shape FIPDes course content along with FIPDes supervisors

#### **INTERNSHIPS**

## Master thesis and summer internship

Most of our students carry out their Master's thesis internship (6 months) in collaboration with associate members and/or other relevant actors within industry and academia.

Students also have the possibility to undertake a **summer internship** between the second and the third semester which may be a first step towards a closer collaboration during the Master thesis.

#### **NETWORKING**

As a FIPDes industrial partner you will hold a **privileged relation with our graduates** and the FIPDes academic and research **Network of Experts**.

#### FIPDA: FIPDes Students and Alumni Association and FIPDes Career Center

Your company will be highlighted on the FIPDes Career Center by JobTeaser and through the FIPDA network.

.....With these people I have made memories that will last forever." Natalija Kozarevska (Cohort 5)
